RE: FY2025 - Special District Performance Measures and Standards – Final Outcomes

To enhance accountability and transparency for special districts, the Florida Legislature enacted regulations requiring all special districts to establish clear goals and objectives for each of their programs and activities. In accordance with these requirements, each district was required to develop & adopt measurable performance indicators and standards to evaluate the extent to which these goals and objectives were achieved.

Furthermore, by December 1 of each year, every special district is required to publish an annual report on its official website. This report must outline the goals and objectives accomplished during the preceding fiscal year, describe the performance measures and standards applied, and identify any goals or objectives that were not fully achieved.

This memorandum formally transmits the attached Exhibit A, which details the District's goals, objectives, measurements, and performance standards addressed during Fiscal Year 2025. The exhibit also provides the outcomes for each goal, summarizes rationales for any unachieved objectives, and outlines recommended actions to address them in the future (if applicable). This memo serves as the final compliance piece for the relevant reporting requirements for fiscal year 2025.

Sincerely,

District Manager

RE: HB7013 – Special Districts Performance Measures and Standards

To enhance accountability and transparency, new regulations were established for all special districts, by the Florida Legislature, during their 2024 legislative session. Starting on October 1, 2024, or by the end of the first full fiscal year after its creation (whichever comes later), each special district must establish goals and objectives for each program and activity, as well as develop performance measures and standards to assess the achievement of these goals and objectives. Additionally, by December 1 each year (initial report due on December 1, 2025), each special district is required to publish an annual report on its website, detailing the goals and objectives achieved, the performance measures and standards used, and any goals or objectives that were not achieved.

District Management has identified the following key categories to focus on for Fiscal Year 2025 and develop statutorily compliant goals for each:

- Community Communication and Engagement
- Infrastructure and Facilities Maintenance
- Financial Transparency and Accountability

Additionally, special districts must provide an annual reporting form to share with the public that reflects whether the goals & objectives were met for the year. District Management has streamlined these requirements into a single document that meets both the statutory requirements for goal/objective setting and annual reporting.

The proposed goals/objectives and the annual reporting form are attached as exhibit A to this memo. District Management recommends that the Board of Supervisors adopt these goals and objectives to maintain compliance with HB7013 and further enhance their commitment to the accountability and transparency of the District.
